YMCA’s Diabetes Prevention Program (“YMCA’s DPP”) uses a CDC-approved curriculum and is part of the CDC-led National Diabetes Prevention Program. YMCA of the USA offers access to YMCA’s DPP through a network of local YMCAs, and YMCA’s DPP may or may not be a covered benefit under your health insurance policy, worksite wellness program, Medicare Plan, or other applicable federally funded healthcare program. To find out whether YMCA’s DPP is covered under your policy and to determine any cost-sharing responsibilities, contact your insurance company, health plan administrator, wellness program sponsor, Medicare or Medicaid. Any dispute regarding coverage of YMCA’s DPP should be brought to your insurance provider or benefit program administrator. Neither YMCA of the USA nor any local YMCA warrants or guarantees any specific outcome for YMCA’s DPP participants with respect to diabetes prevention.
